

My very personal Styling Day

You ... at your best!

A professional styling consultancy can help you to make the best of you. Being styled means looking attractive, younger and more competent. **You will feel great.**

You will be assisted by a professional stylist for a whole day

- Find the **very style for you alone.**
- Show the **best of you** – enhance every aspect of yourself.
- You will be accompanied on a two-hour **shopping tour** and guided to the right clothes for you (with no obligation to buy, of course).
- You will receive a professional **make-up** and a **luxurious** gift.
- **Dress codes** will be discussed with you, so you will be at your best at any occasion.
- After this day, you will not only feel great but also look great. **You, too, can be on the cover of a glossy magazine!**

Your First Class Service

This seminar is not only designed for **business women** but for **all women who want to achieve that extra touch in their appearance.**

Change your look by using the right accessories and be **perfectly dressed** at the office, an official event or a candlelit dinner. From **Office Elegance** to **Casual ...** from **Bohemian** and **Gipsy** to **Cosmopolitan Chic ... and glamorous all the time.** From which clothes suit you best, to the key items of clothing on which you can base your whole wardrobe ... to which three basic outfits will give you 24 different looks ... and how to be in vogue with a minimum of effort.

Look forward to this very special day, when you will be the centre of attention.

The seminar is tailor-made for you or will be an ideal gift for a dear friend.

Dates

Ongoing during the year.
